AFFAIRS IN BROOKLYN.

POLICE JUSTICE GOETTING INCENSED. A RECALL LAUGHED AT, AND THE WOMAN WHO CARRIED IT THREATENED.

The methods of Sheriff Courtney's officials were illustrated yesterday in the Lee Avenue Court, when Conrad Smith, thirty-two years old, of No. 40 Melrose-st., was arraigned on a charge of intoxica-

Smith was arrested on Saturday night, and when arraigned on Sunday morning was committed to jail in default of bail. Late on Sunday afternoon Mrs. Smith learned of his arrest and appeared before Justice Goetting at his home with Henry Carlin as a bondsman. The magistrate then issued a recall, which the couple were told to present at the jail, and when they arrived there, Mrs. Smith said, she was referred to a man in uniform, and she gave the paper to him and asked that her husband be released. The man looked at them and laughed as he threw the papers on the floor.

Mrs. Smith says she informed the man that the papers were from Judge Goetting, and in reply he said: "What do I care who you are from? Tell Judge Goetting to go to h—1." Mrs. Smith says he then threatened to lock up both her and Mr. Carlin unless they got out. Mrs. Smith learned of his arrest and appeared be

doeting to go to it.

Mrs. Smith then returned to Justice Goetting's home, and he telepaoned to the jail to find out what the matter was. Warden Doyle is said to have replied that no recall had been presented. Justice Goetting told the couple to go back to the jail, and on their arrival there the second time they learned that the prisoner had been discharged.

Smith and his wife were in court yesterday, and they appeared greatly incensed at the treatment that Smith had been subjected to, and declared that they would make it warm for Sheriff Courtney, Justice Goetting when spoken to yesterday did not care to discuss the matter, but admitted that the story of Smith and his wife was true and seemed much incensed at the way his recall had been treated.

THE TAX-RATE INCREASED.

The official tax-rate was announced yesterday, It is \$28.743 on \$1,000 of valuation, or about \$2.85 on \$100. Last year it was \$2.77. The State tax raises the rate about 6 cents on \$100, and the rest of the increase is due to increased appropriations for fire and police protection. As the rate varies in each ward, the following table will enable property owners to figure on the basis of their assessed

THE TROUBLE IN THE BUSHWICK CLUB. From present indications the dissension in the Bushwick Democratic Club, of the Eastern Distriet, will assume much greater proportions than the action of the club by calling every member to the action of the club by calling every member to account who voted against the Democracy. The offence has been so grave, he said, that it could not be ignored. It is the general impression that the club will change its name and become a social organization, instead of a political body.

The Board of Aldermen yesterday ordered that the judgment for \$14,488 secured by Dr. F. Fiee: Speir for damages done to his house in Montague-st, by fire be paid. The fire was caused by fireworks set off in a Democratic parade held several years ago under a permit granted by Mayor Chapin, but the courts held that this did not legalize the action, which was contrary to the legalize the action, which was contrary to the city ordinances, and that the city was liable. Charles H. Buckley sent a letter to the Board yesterday calling attention to the alleged violation of the city charter in the transfer of unexpended balances from one department to another, and quoting the charter provision that all unexpended balances must go into the reserve fund. Mr. Buckley also called renewed attention to the claim of \$25,000 for the alterations to the building at Myrtle and Vanderbilt aves. used as a police court.

A brief session was held by the Bridge trustees yesterday afternoon. Mayor Boody and the four salaried members were present. The only business transacted was the award of a contract for print-ing tickets to the Hamilton Bank Note Company, at 174 cents a thousand, and the opening of three blds for paving the plaza at the Brooklyn entrance with granite blocks. TO REORGANIZE THE PARTY. REPUBLICAN LEADERS TO BE CALLED TO ACCOUNT.

PROSPECTS OF A LIVELY MEETING OF THE COUNTY COMMITTEE ON THURSDAY NIGHT.

In all probability there will be a lively time at the meeting of the Republican County Committee at the Grand Opera House on Thursday night. Ex-planations will be asked from many of the leaders regarding the great falling off in the vote of their districts. The showing which some of the leaders made at the recent election was ridiculous, and it never would be tolerated in any other political organization. The probability is that it will not be tolerated in the Republican County organization much longer if the temper of thousands upon thousands of Republicans is any guide as to the out-come of the efforts which will be made within the next few weeks to overthrow the men who have done so much to give Tammany Hall its large majorities. On all sides Republicans are saying that deals

majorities.

On all sides Republicans are saying that deals and dickers with Tammany district leaders against the interests of the party must stop right now, and that the best way to stop it will be to throw out those leaders who are suspeced of naving been guilty of making them. Comparisons of votes in some of the Assembly listnets snow that Mr. Bartlett ran away behind Captain Palmer, the Republican candidate for Secretary of State, and in other districts it is seen that the Republican candidates for the Assembly fell off in their vote amazingly. Tammany lind cared particularly for two thines—the vote for Maynara and the vote for legislative candidates. To keep up the votes in support. One Republican district leater has admitted that he did not know the names of the candidates of his party on the State and county ticket. Several of the younger and more vigorous of the Republicans together with many older Republicans, who had thought the task of reorganizing the party in this county was practically a hopeless one, will be at the County committee meeting on Thursday night, and they intend to be heard. Of course, talk will do nothing. Work is the only thing that will put the organization in first-class order again. Every Republican who voted for the Republican candidates at this election can have his name put on the rolls of his district organization will be held soon for the election of the delegates to the County Committee. The electates to the County Committee, it is plain, therefore, that the first thing to be done by all who wish to see a reorganization of the party is to join the district organization and make the fight in the primaries.

He said yesterday: "I have no notice that the committee is soon to meet; and although I should not be opposed to a meeting at this time. I see little need of it. The Republicans have won a splendid victory, and the people throughout the county seem to have come to recognize that the party is the one which has for its cause the protection and the welfare of the people.
